### Extended Brake Line Kits

Heavy-duty, 3/16"-diameter, 61"-long nylon brake fluid line with fittings for 'banana' calipers thru 83. Ideal for custom applications, forward controls and adapting disc brakes to early models.

**12892** Complete kit

### Banjo Bolt

3/8"-24 banjo bolt fits 10mm banjo and includes sealing washers (repl. OEM 41747-82).

**66200** Sold each

**26271**

**26270**

### Chrome Banjo Bolt Kits

Replacement items for CC or Original Equipment master cylinders and calipers. Includes washers. Sold each.

**26270** Fits 10 mm banjo bolts

**26294** For 12 mm banjo fittings, 12 point head (not shown)

**26271** For CC master cylinder #26281 and #25985 only when 12 mm brake lines are used

**26311**

**26310**

### Washers for Banjo Bolts

Sealing washers for the front and rear banjo fittings. Sold in packs of 10.

**26310** 10 mm on most models from 84-Up (repl. OEM 41731-88)

**26311** 12 mm from 84-14 (replaces OEM 41733-88)

**110578**

**688057**

### Donnie Smith Brake Line Clamp

Replace that plain looking stock brake line clamp under your triple tree with this two-piece chrome-plated or black metal clamp. Screws into the bottom of the fork stem with 1/4"-20 mounting hole.

**110578** Fits all models with 1/4"-20 threaded hole in bottom of fork stem, Chrome

**688057** Fits all models with 1/4"-20 threaded hole in bottom of fork stem, Black

### ABS Brake Line Tee for Dyna Models by Rick's

Brake line tee for Dyna models with ABS. This version allows changing of brake lines which is not possible with the OEM brake because of its press fit brake lines.

**619430** ABS brake line tee for Dyna 12-14, black anodized

### Billet Brake Line Clamps by Motorway Custom Cycles

These trick little clamps snap right onto your fork tubes and clean-up those dangling brake lines. CNC-Machined from billet aluminum and then polished to a mirror finish. Available for a variety of fork tube sizes. Sold each.

**668168** Fits 39mm fork tubes

**668169** Fits 41mm fork tubes

**668170** Fits 49mm fork tubes

**628181**

**628180**

**628182**

### Chrome Brake Tees

These brake tees are very convenient when using custom brake lines. The male fitting allows the brake line to bolt directly to the brake tee with no need for additional adapters.

**628180** S/T 1/8NPT, MH 5/16"

**628181** 1/8"-27 NPT S/T 3/8" -2

**628182** S/T 3/8" MH 5/16"

### Chrome Billet Brake Tees

Aluminum brake line tees are CNC-machined and chrome-plated for good looks. Sold each.

**98650** Front brake tee (3/8"-24 inverted flare in all holes)

**98651** Rear brake tee (3/8"-24 inverted flare in two holes and 1/8" NPT in the center)

**98652** Universal brake tee (1/8" NPT in all three holes)
