

**Hub Covers for Dyna Wide Glide Softail and FXWG Models**

Made to fit the front wheels of most Softail, Dyna Wide Glide and FXWG models with single front disc brakes. They give your front wheel the appearance of a billet hub by filling in the area between the brake rotor and the spoke flange. Each cover includes special hold-down plates. Sold each.

- 19731** Fits all FL Softail models (except FLSTS and Fat Boy models) from late 86-96 (7/8"-wide)
- 19732** Fits 4-speed FXWG, Dyna Wide Glide and FX Softail models (except Springer models) from 84-96 (shown) 1 1/8"-wide

**19" Single Disc Front Wheel Hubcap**

Made of chrome-plated steel, this 4 3/4" front wheel hubcap will fit all single disc 19" cast wheels on models with 9-spoke mag wheels from 84-99. It replaces the standard wheel hub plate and screws, and is held stationary between the front wheel hub's external bearing spacer and the front axle.

- 19748** Replaces OEM 44467-88T

**Chrome Hubcaps for Wide Glide Front Ends**

The perfect accessory for the front wheel of most FXWG and Softail models from 84-99, or 81-84 4-speed FL models with cast wheels. The CC #19743 hubcap has the right wheel bearing spacer built into it, while the CC #'s 19741 and 19742 small hubcaps simply press onto the wheel hub.

- 19741** 4 5/8" -diameter hubcap for all Dyna Wide Glide, FX Softail and 4-speed FXWG models from 84-96
