

Doss Polished Stainless Steel Axle Plates

Add a touch of style to your motorcycle. Unique design requires no external mounting hardware and protect the finish from damage by the axle and axle nut. Sold in pairs.

09135 Fit 4-speed Big Twins 73-86; Softail models 84-99; Sportster models 88-03; 87 Hugger models

Custom Axle Adjusters

Forged steel axle carriers are machined to close tolerances to be a snug fit inside the swingarm section eliminating the common problem of swingarm distortion when axle nuts are overtightened. The chrome end caps are made of die-cast aluminum. Sold in pairs.

31122 Fit the stock swingarms on all FXR models from 82-94

Chrome Axle Adjusters for Softail Models

Sold in pairs. 3/8" UNC

35629 Fits Softail models from 93-99 (replaces OEM 47579-93)

36198 Fits Softail models from 86-92 (replaces OEM 47579-86)

Chrome Axle Adjuster End Caps

Add a beautiful chrome-plated highlight to the ends of your swingarm. Die-cast construction won't distort like the Original Equipment stamped steel plates. Work with your stock axle carriers and increase the range of adjustment. They fit all CC chrome 4-speed swingarms as well as the stock swingarms on Sportster models from 79-03 and 73-86 4-speed FL and FX models. They also fit 86 Softail models. Include instructions. Sold in pairs.

CC 'Pyramid' Axle Adjusters

Forged steel axle carriers are machined to close tolerances to be a snug fit inside the swingarm section eliminating the common problem of swingarm distortion when axle nuts are overtightened. The chrome end caps are made of die-cast aluminum and the chrome-steel nuts have a long shank tapped to permit a full range of axle adjustment. They fit all CC chrome 4-speed swingarms as well as the stock swingarms on Sportster models from 79-03 and 73-86 4-speed FL and FX models. They also fit 86 Softail models. Include instructions. Sold in pairs.
