Arlen Ness Front Lowering Kits

This Arlen Ness design simplifies lowering the front of your bike. These specially designed fork dampers are shortened and drilled in a strategic position to maintain a factory ride quality with a lowered stance. Each kit comes with 2 complete damper assemblies and utilizes the OEM springs.

654005 Fits all 84-99 FXST/FLST Softail models with 41mm forks (lowers FXST 2.5" & FLST 2")

654006 Fits all 00-13 FXST/FLST Softail models with 41mm forks (lowers FXST 2.5" & FLST 2") and 97-13 Touring models with 41mm forks (except 02-05 models with cartridge forks) lowers front end 1.5"

654007 Fits all 90-05 FXD Dyna models with 39mm forks (lowers FXD 2" & FXDL/FXDS 2.75") and 97-13 XL models (lowers front end 2")

Custom Chrome Fork Sliders for Late Model Motorcycles

Unlike our competitors products, our polished legs are buffed to a mirror-like finish. The chrome legs feature high-quality.

American chrome-plating for a durable show bike finish. The fork legs for FX Softail models duplicate the style fitted to bikes since 91 with thru-bolts to mount the fenders. Kits include sliders, seals, bushings, and hardware. Sold in sets.
