**Fork Skins for 39 mm Forks by Kuryakyn**

Want to save several hundred dollars and lots of labor hassles and down time waiting on plating? These chrome-plated ABS plastic covers will chrome out your front end and provide better handling with their built-in fork brace, for a fraction of the cost of conventional chrome swaps and without disassembling your forks. It just takes a few wrenches and about 20 minutes to chrome your forks with Fork Skins.

- 48258** Fits 39 mm single disc models from 88-99

**Individual Polished Fork Sliders**

Replacement fork legs for 49-E77 FL models, made of polished aluminum and clear lacquer coated. Upper and lower bushings are installed and reamed to fit. Fork seals have been updated to the late-style double-lipped seal and the leak-prone drain plugs have been totally eliminated. These fork legs are reproductions of the Original Equipment parts and require the use of 49-E77 fork dampers.

- 09600** Left drum brake fork leg for 49-68 FL models (repl. OEM 45805-50)
- 09601** Fork leg with pinch cap for 49-E68 FL models (repl. OEM 45800-50A)
- 09628** Axle pinch cap (zinc-plated) for FL models from 49-84 (replaces OEM 45836-48) sold each

**Polished and Chrome Fork Leg Sets**

Polished and chrome fork leg sets for most Wide Glide forks from 49-99. These sets include all bushings and seals, and have the late-style double-lip fork seals. The polished legs for FL models have had the drain plugs eliminated.

**Fit FX Softail, Dyna Wide Glide and 4-Speed FXWGs from 84-99**

- 09298** Polished
- 09621** Fork sliders chrome for single disc 84-99 FXST, FXSTC, FXDWG, FXWG
