Rigid Rear Fender

A replacement rear fender for rigid frame Big Twins from 49-57. Includes braces and has holes drilled for the seat clip. Rear section is not drilled to permit choice of taillamp.

26524 Replaces OEM 59612-41

Hinged Rear Fenders for FL Swingarms

These two-piece hinged fenders fit all 4-speed Big Twin FL frames from 58-84. They also fit FX models if FL struts are used and can be adapted to FXWGs. A slight dent must be made in the front right lower corner of the fender to clear the FXE battery box. Unpainted steel.

13186 With no taillight mount (repl. OEM 59604-65A)

Rigid Rear Fender for Big Twins

An accurate reproduction of the rigid rear fender used on 36-48 overhead valve Big Twins. Perfect in detail and complete with brackets ready to bolt-on. Unpainted.

Shorty Rear Fender for 07-14 Softails

This fender bolts right onto 07-14 Softails with a stock 200mm rear tire. We chose to leave the end like the "bobbed" look of a hinged fender with the back portion taken off but you are welcome to take a grinder to it and give it your personal touch!
