

Mounting Kit for Fat Bob Tanks

Hardware kit includes bolts, nuts, washers and spacers for mounting Fat Bob tanks on 4-speed style Big Twin frames through 84 and most customs.

260113 Complete kit

Universal Tank Mounting Kit for Builders

Building your own tank you say, well how are you going to mount it? This complete set of tank mounts comes with not only the straps and rubber mounting parts to go on the frame, but also the machined blocks that are welded into the fuel tank for them to bolt to.

699985 Complete kit

Universal Tank Mount by Vulcan Engineering

Milled from 1018 CF Steel, Not stamped! 1/4" Thick with mounting holes for use with standard rubber tank mounts. Perfect for mounting custom gas tanks or any other applications you can come up with. Made in the U.S.A.. Sold each.

668257 Universal tank mount 1/4" thick, sold each

Rubber Mounts for 'Flatside' Gas Tanks

Accurate reproductions of the Original Equipment parts used to mount 'flatside' gas tanks to 4-speed FX models 85-86, and Softail models from 84-99. Pack of 6.

25577 Replaces OEMs 11447, 5775

Grommet Fuel Tank Mounting by James Gaskets

667093 84 & Up, FX, FXST, Softail, Pack of 12

Custom Hardware Kit for 'Flatside' Tanks

Chrome-plated beveled washers and countersunk mounting screws provide a custom look. They replace the cad-plated Original Equipment screws and washers.

25590 Fits all Softail models from 91-99

Mounting Kit for Fat Bob Tanks

A 'must' when installing CC or Original Equipment Fat Bob tanks on 4-speed frames through 84. Special washers in kit prevent possible thread damage to rear mounting holes and keep tanks from resting against heads.

26446 Complete kit

Another 'must' for installing Fat Bob tanks. One of our mechanics came up with this little item. It's actually the chain guard mounting grommet, but it works great in the front Fat Bob tank mount holes to isolate the tanks from vibration.

25548 Rubber grommet with a steel insert for use in mounting Fat Bob tanks. Helps to isolate the tanks from vibration. Pack of 10 (repl. OEM 11411)

16106

'Flatside' Tank Mounting Kits

Now you can mount late-model Original Equipment or CC rubber-mounted 'flatside' gas tanks on your 58-84 FL/FX model, or many aftermarket custom frames. Available in a deluxe version that's made in the USA by Badlands, or an imported economy version. Kits include detailed instructions, mounting brackets, and all necessary hardware. Requires minor welding for installation.

16106 Deluxe kit

Universal Fat Bob Gas Tank Quickmount Kit

A precise and effortless way to mount Original Equipment or aftermarket Fat Bob tanks to custom or Original Equipment frames that have had the gas tank brackets removed. It permits the builder to temporarily attach the one-piece bracket for a quick visual check of tank placement on custom applications, and once a tank position is selected, the entire bracket assembly may be welded in place for a stronger-than-stock, precision system of support.

25048 Complete kit

Lower Bolt Kit for Fat Bob Tanks

This kit replaces the stock lower front mounting hardware on all motorcycles equipped with twopiece 'flatside' Fat Bob gas tanks from 84-90. Kit includes threaded stud, two beveled washers, and two chrome acorn nuts.

25001 For 4-speed FX's from 85-86 and Softail models from 84-90

Custom Mounting Kit for 'Flatside' Tanks

A complete kit that can be used to update your existing 'flatside' tank mounts, or used on newly-constructed bikes instead of purchasing Original Equipment parts. The beveled washers and countersunk mounting screws are chrome-plated, and provide a custom look.

25550 Fits 84 Softail models, and all models with split tanks from 85-99
