

### Reserve Petcocks with 22 mm Threads 75-06

All the features of 3/8" NPT reserve petcocks, but specifically designed to fit 1975 and later tanks with 22mm tank bung. No adapter required. Petcocks have the adapter nut installed for you. No additional sealants required.

Chrome	Polished	
26835	n/a	Single outlet (illustration 'A')
27085	27087	Single outlet (illustration 'G')
27086	n/a	Single outlet with nipple down (illus. 'H')

### Replacement Mounting Nut

**26843** For use with 22mm threaded petcocks only

### Reserve Petcocks with 3/8"-NPT Threads Pre 75

Primarily for use on street bikes. The reserve position provides comparable reserve fuel amount to the OEM and other aftermarket petcocks.

Chrome	Polished	
26700	26600	Single outlet (illustration 'A')
27089	27091	Single outlet (illustration 'G')
27090	27092	Single outlet with nipple down (illus. 'H')
n/a	26612	Dual outlet (illustration 'D')

### Adapter Nut

Permits installation of 3/8"-NPT petcocks on OEM and aftermarket gas tanks with 7/8" or 22mm tank bungs.

**26602** Chrome-plated brass

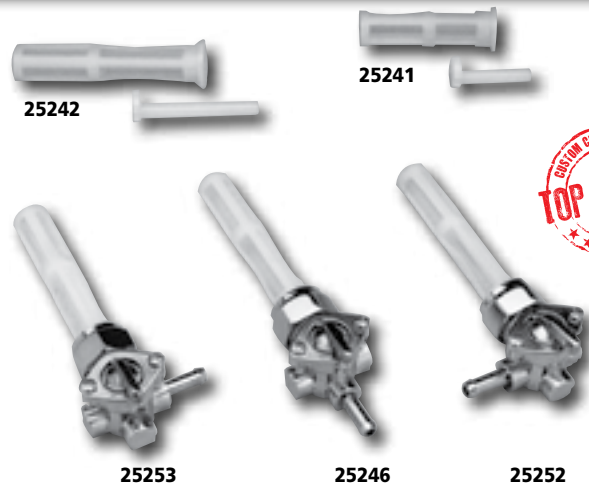

### Rebuild Kits for Reserve Petcocks

Complete rebuild kit for single or dual outlet reserve valves. Includes necessary tools, photos, instructions and parts for three fuel valves. A 5 1/2" bench vise is required.

**26718** Complete kit with tools and components for 3 Pingel petcocks

**26719** Components only with parts to rebuild 5 Pingel petcocks

These petcocks are for use on competition or display bikes only, and do not conform with federal motor vehicle safety standards, or State law, or both. These parts and components must never be used on street legal motorcycles."

### Chrome Replacement Petcocks

Chrome-plated duplicates of the stock gas valves used from 75-06. Available in three different outlet tube options, straight down, left-hand or right-hand for applications at the front, rear, or either side of the gas tanks. Complete with a chromed 13/16" nut and nylon mesh filter screen.

**25246** Straight down spigot (repl. OEM 62129-75T)

**25252** Left-side spigot

**25253** Right-side spigot

**25241** Short replacement filter screen

**25242** OEM replacement filter screen with reserve tube (repl. OEM 62166-81)

**12731** Replacement 3-hole Viton seal (fits latest design with .260" fuel tubes)

### Replacement Filter Screens

**260373** Fits OEM pre-75

### Chrome Petcocks

Engineered and designed to eliminate all internal O-rings. The inner-core design insures against gas leakage while providing maximum flow. Features a filter screen, reserve setting, and chrome body.

**12726** Fits OEM and custom tanks thru 74 with internal 3/8" NPT connection (repl. OEM 62125-55B)

**12727** 3/8" NPT Petcock w/90 degree outlet. With reserve. (see petcocks)

**25245** Fits OEM and custom tanks 75-82 with external 13/16" nut connection (repl. OEM 62163-75)

**25243** Same fit as CC #25245 but with 90° barb
