

**Chrome Dash and Speedometer Kits**

Includes a speedometer with 89-04 face, chrome dash, lenses, rubber trim, mounting hardware, ignition switch with two keys and base plate with lights. Fit many models with Sport Bob and Fat Bob tanks thru 95.

**26480** 2240:60 ratio for front wheel speedometer drive models with self-canceling turn signals from 84-95

**Dash Kit with Integral Tach**

Features a 120 mph speedometer with built-in coil driven tachometer that works with all Harley 12 volt systems. Kit includes speedometer, two-light chrome dash cover, base plate with hardware, and ignition switch with keys.

**310139** 2:1 speedo/tach dash kit

Note: 91-03 self-canceling turn signals will not self cancel. 91-03 models use a distance counting reed switch to self-cancel turn signals. The turn signals will operate normally, but will not self cancel.

**Chrome Dash and Mounting Kits**

These chrome kits contain the dash mounting and trim parts required for Fat Bob tanks in a single, easy-to-order package - simply choose from our great variety of large diameter speedometers to complete the installation. Each kit comes complete with chrome dash cover, base plate assembly with hardware and ignition switch with keys.

Note: Not compatible with flat side tanks.

**310192** Cateye dash and mounting kit

**310193** Two-light dash and mounting kit

**310194** Three-light dash and mounting kit

**310195** Late-style dash and mounting kit

**Trimlok Dash Trim**

Easy-to-install, while providing style and protection. Genuine Trimlok steel reinforced vinyl trim is cut to length to fit all stamped steel two and three-light dashes. Available in pre-cut 27 inch and 10 foot lengths in plain black.

**26181** Black (27"-long)

**26241** Black (10 feet-long)

**Rubber Dash Trim**

This handy item is designed to replace the rubber dash trim on 87-94 FXR models and the nacelle trim on 87-94 FLHS models. The trim is also a perfect match for Custom Chrome Rick Doss ABS dashes and many other protective uses. 50"-long.

**13232** Replaces OEM 61117-86

**Custom Dash Cover**

This custom dash cover has had the indicator lights and switch hole removed for a clean custom look. Designed for use with large diameter FL style speedometer and Fat Bob tanks. Perfect for custom FX and FL applications with remote mounted indicator lights and ignition switches. Fits all Big Twin 4-speed models.

**310146** Dash only (fits all two-light base plates)
