**Custom Wrap-Around Oil Tanks for Big Twins by Santee**

3.5 qt. custom wrap-around oil tanks. Available with or without spin-on oil filter and in either a side or center fill. When used with an FXE battery they'll fit rigid and 58-64 swingarm frames, and will also clear 79-84 4-speed transmissions.

**Side Fill**

- 650224** Custom 3.5 qt. oil tank with push-on hose barbs
- 650233** Custom 3.5 qt. oil tank with threaded oil line fittings
- 650225** Custom 3.5 qt. oil tank with push-on hose barbs and spin-on filter
- 650234** Custom 3.5 qt. oil tank with threaded oil line fittings and spin-on filter

**Center Fill**

- 650226** Custom 3.5 qt. oil tank with push-on hose barbs
- 650227** Custom 3.5 qt. oil tank with push-on hose barbs and spin-on filter

**SCS**

**SCS Oval Oil bag**

This Oval shaped oil bag has a unique look, and offered in raw steel that can be painted, powder coated or chromed as desired. This oil bag is designed for Softtail or custom applications, and available with or without a battery box. For use with rubber oil lines. Made in USA by our friends at Randolph & Co.

- 632642** Oval Oil bag-without battery box
- 632643** Oval Oil bag-with battery box, L 175 x W 85 x H max 129 mm

**Wrap-Around Oil Tank for Electric Start Sportster Models**

This 3 1/2 quart oil tank will accept the stock FXE electric start battery. It also fits all 67-78 stock electric start Sportster models, and is adaptable to many custom frames (on 73-78 stock frames, the removal of the rear frame support struts may be required). Comes complete with a cap, oil line fittings, and mounting hardware.

**TOP SELLER**

**Chrome Replacement Oil Tanks**

Duplicates of the Original Equipment oil tanks finished in brilliant chrome.

- 78301** Fits 4-speed FL and FX Big Twin models from 82-86 (repl. OEM 62504-82)
- 78305** Fits 4-speed FL and FX Big Twin models from 65-E82 (repl. OEM 62504-65A)

**TOP SELLER**

**Chrome Oil Tank for FXR Models**

A complete chrome oil tank assembly for all FXR models from 82-90 (except 86-up FXR Super Glide models). Adds sensational style and simplifies oil draining through the addition of a second drain hole on the left rear of the tank. Included with the tank is a remote drain hose fitting kit which allows it to be drained from the kickstand side through a rubber hose which, when not in use, plugs onto a frame mounted dummy fitting which is included in the kit. Machine polished and then triple chrome-plated. Replaces OEMs 62406-81, 62406-86 and 62414-86.

- 28104** Oil tank and remote drain kit (this tank has no oil level "sight" glass)
- 16051** Well-nuts blind fasteners (repl. OEM 8099) pack of 10
