Fits 3/8" Oil Line

- 664128 Copper
- 664129 Silver
- 664130 Black
- 664131 Brass

Oil Filter Mount Adapter with Internal Thermostat

This unique part eliminates the need to route oil line from the oil cooler to the oil tank. Just mount it between the oil filter mount and the oil filter and connect the oil lines. Another feature is the internal thermostat for use with oil coolers. No need to install an extra in-line thermostat to the frame. Does not include oil filter mount or filter.

- 86056 Fits most Evolution Big Twins from 92-99
- 87004 Fits most Twin Cam „A" Big Twins from 99-13
