Sissy Bars for Rigid Frames

Manufactured from 1/2"-diameter cold-rolled steel bar stock. After being bent and polished, they're plated with a show chrome finish. #09624 measures 13" from the bottom mounts to the fender brace, then 14" from fender brace to tip of sissy bar for an overall height of 27". Measures 10" wide at the bottom mounts and 8 1/2" wide at the fender brace. Top 3" of sissy bar tip is bent back for a cool look. These sissy bars work great on Triumph rigid choppers as well as H/D's.

- 09624 For use with custom flat fenders
