

'Plug N' Play' Removable Backrest Brackets by JB Fabrications

This clever device allows you to go from solo to two-up in minutes.

- Can be removed and installed quickly, over and over, without the risk of paint damage unlike ordinary sissy bar or backrest brackets
- Bolts directly to existing mount holes on most models and the passenger seat fits right over the top of the triple chrome plated Plug N' Play bracket
- Works with most standard square tube sissy bar uprights 6.69" - not over 10" high
- Provides an easy way to attach a seat pak for solo riders

KüryAkyn Riders Backrest for Softtail Models

If bike parts received Oscar's, we'd nominate this one for best supporting role. The new Driver Backrest for Softtails can add miles of comfort to a day's travel. The rider enjoys a reach to the controls tailored to their stature, as well as backrest angle and height adjustments. For passenger convenience, pad assembly folds forward for easy seating. Quick detach mechanism permits fast installation and removal of hoop and pad assembly.
