Touring Gas Tank Side Covers

Side covers for Touring gas tanks which change the look of your bike completely. We offer a down and a wide version to match the style and look you want to achieve. They need to be glued (adhesive not included) to the OEM tank. No worries anymore about getting the problems with EFI fuel pumps solved because everything stays where it should be!

619860 Wide version for models 93-08

619861 Wide version for models 09-13

619862 Down version for models 97-08

619863 Down version for models 09-13

Pucha Stretched Rear Fender

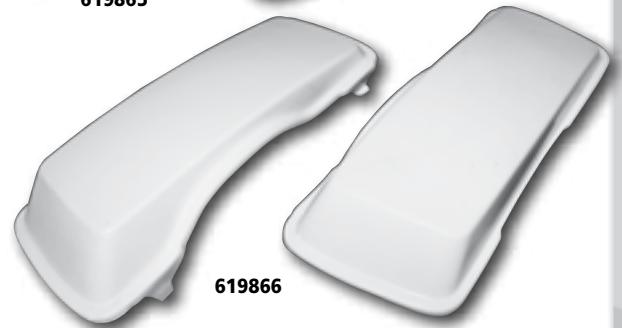

Excellent looking rear fender made of fiber glas with filler panels which hides the gap between bags and fender. Two versions available for Touring models 97-08 and 09-13.

619869 Pucha Fender 97-08

619859 Pucha Fender 09-13

619865

619866

CVO Style Stretched Saddle Bags for all FLT models 93-13

Stretched CVO style bags with cut-outs for dual exhausts. The bottom of the bags has the typical CVO wing form with 2 inch stretch on the front side and 4 inch stretch on the rear side of the bags. Made of fiber glas to be used with the OEM hardware or with CCI# 619760 saddle bag latch kit from Arlen Ness and the lids in standard or CVO style which are sold separately!

619864 Bags CVO 2-4 " stretch
