

603436

**SwitchBlade Holdster**

The SwitchBlade Holdster offers convenient up-front storage for anything you need close at hand. Glove-friendly Velcro closures allow easy access to your stuff. And unlike leather bags that tend to dry out and get stiff, the Holdster's road-rugged, heavy gauge synthetic leather will stand the test of time.

**603436** Sold each

Note: Holdster's will not fit on bikes with bar-mounted speedos such as most Sportster and Dyna Glide models.

23822

**Triple Holdster for Heavy Duty Windshields**

National Cycle's Triple Holdster provides extra storage for road trips or every day riding. The heavy gauge synthetic leather conforms easily around the windshield or instrument cluster and is both durable and weather resistant. The center pouch measures 11 1/2" x 5" x 3" deep, and the side pouches measure 4 1/2" x 4 1/2" x 3" deep.

**23822** Fits Touring, Chopped and Beaded Heavy Duty and OEM 57996-60A, 58018-86 and 58193-94 windshields

**SwitchBlade Storage Bag**

National Cycle's SwitchBlade Storage Bag will keep your SwitchBlade razor sharp when not in use. Made from 600 denier polyester with a waterproof backing, nylon handles, industrial strength zippers, and Tek70 industrial thread for long life and durability. Inside the bag, your windshield is cradled in soft, padded synthetic material.

**603437** Sold each

**Heat Deflectors by National Cycle**

Owners of TC96 Touring bikes can really feel the heat, so the factory installed a heat deflector on the rear cylinder on Touring models. Now you can replace those OEM black plastic ones with the new National Cycle Heat Shields. The dark tint polycarbonate lets more of the engine show through without letting the heat waves roast your thighs. Sold as a pair

**603592** Heat deflectors for all 09-Up Touring models

For XLH and FXD

For FLS and FXS

**Chrome Steel Lowers from National Cycle**

National Cycle's Chrome Lowers dramatically reduce wind noise, turbulence and buffeting. Engineered for proper clearance and performance, and guaranteed to fit with SwitchBlade and Heavy Duty Windshields and National Cycle Light Bars. Superb polishing and plating make these Chrome Lowers really stand out.

**603462** Installs with SwitchBlade Windshields on all 39mm XLH and FXD forks, 41 and 49mm FXD Wide Glide and FX Softail forks with exception of FXSTB (MFG#N76605)

**603463** Installs with SwitchBlade Windshields on all FLS models with or without a Harley-Davidson Light Bar (MFG#N76606)

**603464** Installs with a Wide Frame Heavy Duty Windshield on FX Softails with exception of FXSTD Deuce models (MFG#N762)
