

Lighted Bat Lashes by Kuryakyn

It's no secret - most top designers in any field would concur. The keys to good looks are keeping it simple & highlighting the contours. Regardless of the color or finish, chrome goes with anything & these elemental accents will add depth & character to the time-honored Bat-wing fairing. Bat Lashes require no tools & no drilling. Simply clean the surface, peel, stick & admire! Lighted Bat Lashes are also surface mount but require drilling to route wiring.

- 618099** Lighted bat lashes, black chrome, 96-13 Electra Glides & Street Glides & Trikes
- 618100** Lighted bat lashes, chrome, 96-13 Electra Glides & Street Glides & Trikes
- 618101** Bat lashes for FLHT/FLHX without lights, 96-13 Electra Glides & Street Glides & Trikes

Kuryakyn AirMaster Saddle Shields

Ever sit in stop-and-go traffic or at that 4-way stoplight that never seems to change on a hot summers day and the heat coming off your motor is just about unbearable? Well, we have the solution with our frame mounted polycarbonate shields that are perfectly positioned on the frame to dissipate and re-direct the heat away from you and your thighs. On your next hot weather outing, let our Saddle Shields help you enjoy your ride no matter how hot!

- 605283** Reflective Smoke, Saddle Shields for all 97-07 Dressers, Road Kings, Road Glide, Street Glide
- 605284** Reflective Smoke, Saddle Shields for all 08 Dressers, Road Kings, Road Glide, Street Glide
- 605285** Reflective Smoke, Saddle Shields for all 09-13 Electra Glides, Road Glides, Street Glides & Road Kings

605282

Kuryakyn AirMaster Dragon Wing Variable Air Deflectors

An easy replacement for the stock wind deflectors found on Ultra Classics or the perfect upgrade for the rest of the FLHT family. Large surface area helps to direct airflow better than other designs. Close the wing vane to guide airflow around the fairing for reduced turbulence during cool weather or open them for a refreshing breeze on those scorching hot days. Adjust to any of four different positions by hand via a spring-loaded mechanism. Shatter resistant polycarbonate construction.

- 605281** Dark Smoke, Dragon Wing Air Deflectors for all 96-12 Electra Glides & Street Glides
- 605282** Reflective Smoke, Dragon Wing Air Deflectors for all 96-13 Electra Glides & Street Glides

Handlebar Mount Wind Deflectors by National Cycle

Perfect for cold weather riding. Keeps the wind off your hands and lower arms. Makes a windshield work like a fairing. Made of high impact clear acrylic. Includes mounting hardware. Sold in sets.
