Forward Control Sets for Sportster Models

Available for mechanical or disc brake models these forward control units provide a more comfortable riding position. Includes rubber foot-pegs with chrome end caps.

Complete Kits

Sets include both shift and brake controls.

060170 Fits Sportster models from 75-76

060172 Fits Sportster models from 77-78*

060173 Fits Sportster models from 79-81*

Brake Controls ONLY

Available for mechanical disc brakes. Kits for hydraulic disc are designed to work with Wagner or Kelsey-Hayes style 1-piece master cylinders.

130425 Fits Sportster models from 75-78. Mechanical cable operated linkage. Right side brake

Note: Kit requires extended brake line (not included)

Shift Controls ONLY

060025 Fits Sportster models from 75-78. Left side shift

*Note: Kit requires modification to stock shift arm. Most installations will require longer motor mount bolts.

Floorboard Forward Controls for Softail Models

Chrome shifter and brake side controls with floorboards. Includes chrome-plated mounting brackets, floorboards, brake pedal and heel/toe shift levers, and chrome master cylinder with cover. Use as a chrome replacement for FL Softail models, or swap from pegs to floorboards on FX Softail models, or add forward control floorboards to scratch-built machines. Fits all Softail models from 87-99.

22080 Complete chrome floorboard kit

688710 Replacement master cylinder for CC # 22080

688711 Rebuild kit for master cylinder CC # 22080

Note: 86 and earlier models require brake line modifications and relocation of the oil filter.
