Küryakyn Adjustable Mustache Bar for Softail & Dyna

Küryakyn has taken the tried and true Mustache Bar and brought it into the 21st Century. The great function of the mustache bar has stayed the same - adding the extra peg positions you need on those cramp-inducing hauls. The difference between old and new lies within the ability to be adjusted to fit virtually any rider. Due to its cleverly designed clamp system, this mustache bar can be moved up or down the downtubes and the bar can be rotated to provide multiple fore and aft adjustments. Ride on in comfort! Accepts any male-mount pegs, sold separately.
