### Kuryakyn ISO Brake Pedal Pads for Softail Models

Provides additional brake pedal surface area and matches ISO pegs. Fits FX Softail and Dyna Wide Glide models from 84-14, and 83-86 4-speed FXWGs.

**130395** Standard

**130396** Longhorn (25% larger)

### Kuryakyn Extended Brake Pedal Pad

Reaching your rear brake wont require any fancy footwork! If you have a large high performance air cleaner or certain custom or relocated floorboards, our resourceful Extended Brake Pedal Pad will be in easy reach. A full 1" wider than stock (& most other custom brake pedal pads), this great looking pad helps to keep the rear brake control more accessible. A unique clamshell design assures simple, quick installation.

**605137** Extended brake pedal pad for all Electra Glides 80-14, Road Glides, Street Glides, Tour Glides, Road Kings, FL Softail 86-13, 12-14 Dyna Switchback (Note: Not compatible with fairing lowers on '04-Earlier Touring models.)
