Chrome 'Chopped' Handlebar Control Kits

Same great features as our standard chrome handlebar control kits, but with a chopped low profile look! Includes ergonomic clutch and brake levers, master cylinder, switch housings, brackets and hardware. Chrome or black switches available separately.

- 60514** Kit with 9/16" bore master cylinder for single disc models from 96-13. Will also fit 84-95 single disc models with simple rewiring
- 60515** Kit with 11/16" bore master cylinder for dual disc models from 96-13. Will also fit 84-95 dual disc models with simple rewiring
- 60510** Kit with 5/8" bore master cylinder for single disc models from 84-95 with simple rewiring

Note: Switch housings cannot be mixed with 96-11 OEM switch housings. Control kits and switch housings require OEM or Custom Chrome switches for 96-11 models and require use of 1996-up throttle cables with circlip retainers inside the switch housing.

Black Handlebar Control Kits with TÜV Approval

Includes ergonomic clutch and brake levers, master cylinder, switch housings, brackets and hardware.

- 683594** Black handlebar control kit with 11/16" bore master cylinder for models 96-Up
- 683595** Black handlebar control kit with 9/16" bore master cylinder for models 96-Up

Rebuffini Ellipse Handlebar Controls

Ellipse billet handlebar controls made from the finest aluminium. With 1/2" bore cylinder for single disc models or 9/16" bore cylinder for dual disc models. Hydraulic clutch or cable clutch lever is also available. Brake fluid to use is DOT 4 or DOT 5.1 (no silicone DOT 5 brake fluid!)
