

Note: Switch housings are shown for illustration purposes only.

**Handlebar Wiring Harnesses with Switches**

Two styles are available. Chrome switches with black lettering or reproductions of the black Original Equipment switches, both with properly color-coded wires pre-soldered to them.

**Complete Harnesses with Switches**

Each switch set comes complete with a 48"-long wiring harness (8"-longer than stock) which will accommodate the tallest handlebars. They also include all terminals, pin connectors and mounting hardware, and are ready-to-install in your switch housings. Fit all Sportster and Big Twin models from 82-95 (except 94-95 XL and FLHR; and those with radio controls).

|                     | Black | Chrome |
|---------------------|-------|--------|
| Complete kit        | 27299 | 27296  |
| Right side kit ONLY | 27298 |        |
| Left side kit ONLY  | 27297 | 27294  |

**Replacement Switches Only**

Perfectly suited as replacements for the Original Equipment parts. They come with 12"-lengths of properly color-coded wire soldered to them and fit all Sportster and Big Twin models from 82-95.

|   | Black | Chrome |
|---|-------|--------|
| Dimmer/horn (repl. OEM 71597-92)            | 27280 | 27285  |
| Left turn signal (repl. OEM 71598-92)       | 27281 | 27286  |
| Engine stop/start (repl. OEM 71589-92)      | 27282 | 27287  |
| Right turn signal (repl. OEM 71591-92)      | 27283 | 27288  |
| Front stoplight switch (repl. OEM 71590-92) | 27284 |        |

Note: Switch housings are shown for illustration purposes only.

**Late-Model Ergonomic Handlebar Switches**

Custom ergonomic switches for Custom Chrome's smooth handlebar controls or for 96-06 bikes with the new-style stock controls. Contoured switch rockers provide easier operation and improved recognition even when wearing gloves. Switches feature better water resistance for improved reliability in wet weather. Color-coded 48"-long wiring harness with switches already attached simplifies installation. Available in chrome finish with black lettering or black international symbols or black with white lettering. Kits include wire terminals, mounting screws and instructions. Fit all models from 96-06 (except those with radio controls).
