

**Extended Handlebar Wiring Harnesses without Switches**

48"-long wiring harnesses permit the installation of taller handlebars on most models from 73-95. They feature the correct gauge wires which are color-coded and then enclosed in black vinyl casings. The early kit includes 14 connectors and 3 terminals. The late kit includes 14 connectors and 4 handlebar wiring retainer clips.

- 15260** Fits all models from 73-81
- 26293** Fits most models from 82-95
