

Halogen 6 1/2" Springer-Style Headlight

A modern rendition of the headlight on Springer front ends from 36-54. High-power 12-volt, 55/100 watt halogen bulb, and heavy-duty mount with adjustable mounting block and hardware. Fits all FXWG and Softail models (including Springer Softail models) from 80-04, and any custom application where a Bates 5 3/4" headlight would be used.

09754 Headlight assembly

Chrome Early Style Spotlamp Assemblies

Chrome reproductions of the early 38-61 style spotlamp assemblies. Available with 6 or 12-volt bulb and original style clamp bracket for 38-61 models and custom applications. These units duplicate the original design with separate bulb, lens and reflector components and are ideal for restorations. Replacement parts are also available and can be interchanged with original equipment spotlights. Sold each.

- 12471** Complete assembly with 12-Volt bulb (repl. OEM 68649-64)
