

New Era Tombstone Taillight

This is a new twist on a timeless classic! A die-cast version of the taillight used from 47-54 with a new style lens that provides more lens surface area and looks good doing it. Available in either a 12-volt bulb and LED version.

- 610451** Complete taillight assembly with conventional bulb and plastic lens
- 610452** Complete taillight assembly with LED bulb and plastic lens

AVAILABLE IN BLACK

Tombstone Taillight

Superbly crafted chrome die-cast replica of the taillight used from 47-54. Includes a chrome license mount, black rubber mounting gasket and 12-volt bulb.

- 19644** Complete taillight assembly with conventional bulb and plastic lens (replaces OEM 68003-47)
- 688061** Complete black taillight assembly with conventional bulb and plastic lens (replaces OEM 68003-47)
- 19645** Plastic red lens with gasket
- 19670** Plastic clear lens
- 19654** Fender mounting gasket (sold each)
- 19646** License bracket
- 19668** Red lens gasket (pack of 10)

Note: Limited lens surface area does not meet modern DOT standards. CC does not recommend these taillights on vehicles newer than 54.

Beehive Taillight

Reproduction of the taillight used on many models from 39-46. Universal fender mounting for most applications. Includes chrome license mount, black rubber mounting gasket and 12-volt bulb.

- 26357** Complete taillight (plastic lens) replaces OEM 68002-47
- 26358** Plastic red lens
- 26360** License bracket

Note: Limited lens surface area does not meet modern DOT standards. CC does not recommend these taillights on vehicles newer than 1954.

Mini LED Tombstone Taillight

Chrome mini version of the classic Tombstone taillight. Choose between clear or red lens.

- 688033** Mini tombstone clear lens
- 688034** mini tombstone red lens

Replacement parts

- 688035** clear repl. lens
- 688036** red repl. lens
- 688037** replacement license lens

Doss LED Triple Light Kit

Consists of a Doss 'Wide Tombstone' taillight and a set of our popular LED bullet marker lights. Completely assembled with the chrome stand-offs already installed.

- 62390** Fits all models from 73-99 Softail models (except FLSTS and models with Fat Bob fenders)

Note: Installation of this accessory may be in violation of FMVSS Standard #108. The marker lights are designed as supplemental lighting ONLY, and should not be used to replace Original Equipment running lights or turn signals.
