

Twin Cam-Style Rocker Boxes for Evolution Motors

Chrome rocker boxes feature die-cast top and bottom pieces that are polished and chromed. The chrome center rocker carrier is machined from billet. All hardware is included. Sold in sets.

43099 Fits all Evolution Big Twin models from 84-99

S&S Rocker Cover Kits

These two-piece rocker covers are designed with discriminating custom and performance enthusiasts in mind.

For Evolution Big Twin 84-99 and Sportster Models from 86-03

Made to accommodate .710" lift when used with S&S Super Stock Street or OEM heads, and .810" lift with S&S special application heads when using S&S rocker arms. Permits in-frame installation, but taller motors such as S&S 103" long blocks may require removal of engine.

46765 Die-cast, chrome-plated

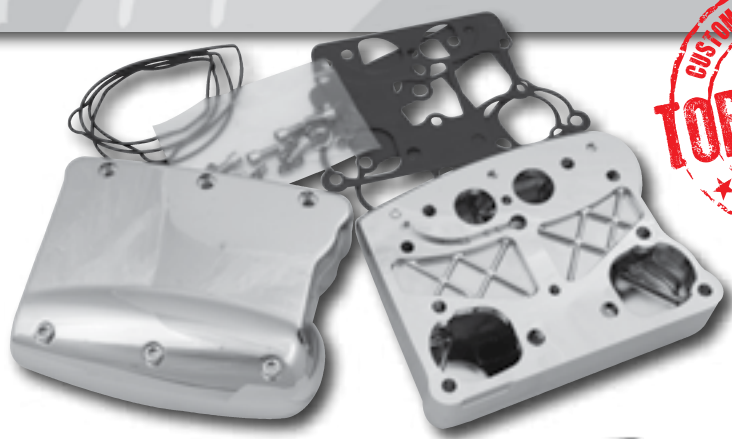

46771 Replacement gaskets

Note: Not recommended for Buell models. OEM style "umbrella valves" are included to insure compatibility with crankcase and cylinder head venting.

For Twin Cam Models from 99-14

46764 Die-cast, chrome-plated

46770 Replacement gasket kit

design by john reed

AVAILABLE IN BLACK
