### Joker Machine Breathers

These "killer" breather kits are CNC-machined from solid aluminum billet, then polished and treated to a dipping of luscious show chrome! The kits come with necessary washers, but breather bolts must be ordered separately per your specific application. Breathers have a 3-dimensional CNC engraved on the front and a foam baffle inside with ample vent slots in the back to allow engine to breathe freely. Rear access panel unscrews to allow easy servicing of foam filter element. Pair. **682317** Skull breathers for EVO models

**682318** Skull breathers for TC models

**682319** Tiki-Flame breathers for EVO models

**682320** Tiki-Flame breathers for TC models

### Spyke 'Stealth' Krankvents

Tired of oil on your pant leg or in your air cleaner? Vent your frustrations with the Krankvent from Spyke. It installs almost invisibly in minutes and effectively controls the messy by-products of all that oily huffing and puffing as the crankcase breathes.

**28840** Fits late model "head breather" Big Twin models (except Twin Cam 88 models) with S&S cylinder heads

**28842** Kit includes two Krankvent breather bolts to replace stock bolts on Sportster models from 91-14. Works with stock and aftermarket air cleaners

**28843** Kit includes one Krankvent and is designed to install in the stock air cleaner on Evolution Big Twin models from 92-99.

**28844** Kit with crankcase adapter for Big Twin models from 84-91.

### Faceted Crankcase Breather Assembly

Comes complete with a one-piece filter molded to a

lightweight decorative end cap, a chrome zinc die-cast mounting base with 5/16" inlet and a hose clamp. The hose clamp holds the filter to the base when the vent hose is installed. Installs in minutes and is the perfect mate to our faceted gas caps and oil tank plugs.

**12018** Complete assembly

**12029** Replacement filter only
