

### Heavy-Duty Chrome Motor Mounts for Softail and FXR Models

These mounts are made from 1/4"-thick plate steel (33% thicker than stock) delivering the ultimate in strength and style. They include chrome choke/horn brackets. The mount for Softail models also includes chrome sockethead mounting hardware.

- 13067** Fits all Evolution FXR models from 84-94
- 13068** Softail 84-10
- 12804** Replacement choke cable bracket for CC #13067

### Chrome Heavy-Duty Motor Mounts

Thicker than conventional one-piece welded motor mounts (over 5/16" thick!). The cylinder head and frame straps are held in place with two oversize, heavy-duty bolts. Ideal for stock or stroked motors. Fully machine-polished and triple chrome-plated.

- 13064** Fits models WITHOUT choke or ignition switch on mount (repl. OEM 16852-87T)
- 13065** Fits models WITH choke AND ignition switch on mount (repl. OEM 69018-87T)

### Chrome Top Motor Mounts

Top motor mount and coil bracket combination replaces the stock mount so that you can use late-model coils.

#### Mounts Without Switch Hole

- 13051** Fits all 4-speed Big Twin models from 48-84 (except Evolution models)
- 13052** Fits all Sportster models from 57-85 (except 79-81 and XR models)

#### Mounts with Switch Hole

- 25677** Fits all 4-speed Big Twin models from 48-84 (except Evolution models)
- 25676** Fits all Sportster models from 57-85 (except 79-81 and XR models)
- 12289** Universal key switch

### RBS universal motor bracket for all EVO and Twin Cam models = 3 in 1

It can't be easier: motor bracket – ignition coil bracket and ignition switch 3 in 1. The motor bracket is developed for mounting 3 different OEM ignition coils, or the fitting aftermarket ignition coils as required. The motor bracket has to be mounted, the also delivered welded bolt has to be cut to length and being welded to the motor bracket. So you have the 100 % guaranty that the bracket fits perfectly. The motor bracket will be delivered raw (steel) and the surface can be worked like you need it. All necessary hardware to mount the 3 different ignition coils styles are included.

- OEM ignition coil
  - 31614-83A Evo Big Twin from 85-99
  - 31655-99 Twin Cam 00-06, FLT 02-06, Dyna 99-05
  - 31696-07 Twin Cam 07-14
- 682817** RBS universal top motor mount, raw with hole

### Iron Cross Ignition switch Bracket designed by Made by Pistor

The new iron cross ignition switch bracket fits on the most aftermarket top motor-mount-brackets. The bracket is available with and without choke-function. Sold each.

- 683775** Chrome, without choke function
- 683776** Black, without choke function
- 683777** Chrome, with choke function
- 683778** Black, with choke function
