

RST Pulleys

RST High Tech billet aluminum rear belt pulleys, CNC machined from solid billet block of aluminum. Available highly polished, making them the perfect match to RST disc brake rotors and High Tech wheels. Made in Germany to exacting standards. Tooth count may be matched to stock sizes or custom configured with front pulleys to emphasize cruising comfort or hard-charging acceleration. Available for most Big Twin models from 80-10 (except Touring models 00-06).
