Custom Fenders for Touring Models with 21x3.5" Wheels

These versions of our popular front fenders come with some added width and extended mounting tabs to accommodate taller 21" wheels on Touring models. Fitment must be checked before paint, recommended for 120/70-21 tires.

- 629730 Steeler 6" fender
- 629731 Forty 6" fender
- 629732 Roller 6" fender
- 629733 Tombstone 6" fender

23" Steel Front Fender by Rick's

This Fender matches 23" front wheels on Touring models. Additional reinforcements at the side sections avoids the torsion of the fender during the ride.

619435 Tour. Steel front fender 23"

More Parts available in Sec 2, 4, 5, 15, 16

Front Fender for Early 'Touring' Models

A precisely-crafted reproduction of the 54-84 4-speed 'Dresser' front fender with properly rolled edges and structural reinforcement. Will also fit Touring models from 80-13.
